**type :** Red **style :** Dry **taste :** Fruity
**pack :** Bottle **size :** 750ml **closure :** Screwcap

## ageing :

1 - 2 years

## in the vineyard :

There is currently only one Pinot Noir vineyard from which grapes are sourced for the Robertson Winery Pinot Noir. This vineyard is planted on colluvial soil with a good water holding capacity, on an eastern facing slope high in the foothills of the Prospect farm. The above-mentioned terroir is one of the most suitable for growing high quality Pinot Noir in the whole of the Robertson Wine Valley. Lots of effort goes into allowing the correct number of buds during pruning. The slightly older vineyard adds to the weight and complexity of the wine. This Pinot Noir vineyard is spur pruned to one bud spurs with a reasonably wide spacing to help counter the inherent fruitfulness of the cultivar. Correct canopy management combined with a deficit irrigation strategy and quite severe green harvesting after véraison are all management tools used in this vineyard to ensure suitable quality grapes. Harvesting the grapes at optimum ripeness is also essential for the best quality wine.

## about the harvest:

Harvesting the grapes at optimum ripeness is also essential for the best quality wine. Grapes were harvested at full ripeness 24.5° Balling from one vineyard.
Yield (ton/ha): 8 tons

## in the cellar :

Fermentation happened in temperature controlled stainless steel tanks at 24° - 28° C.
