

La Motte Chardonnay 2015

A fine mousse promises an exciting, fresh wine while the nose indicates dimension and complexity. Secondary aromas such as the yeasty flavour of freshly-baked bread are prominent, followed by the buttery nuances of nuts and fruity notes of ripe pear fruit. Initially gentle with an infinite stream of fine bubbles, the aftertaste lingers indefinitely. The wine shows a typical Franschoek character, with lime and lemon fruit, and cashew nut in the background. This flavour profile, together with a lower alcohol level, is fresher and more refreshing than in the other years. The wine has ample finesse, with a lingering after-taste of green apple.

Excellent with caviar, snails, carpaccio pâté, crayfish (Cape rock lobster), prawns, mussels, perlemoen (abalone) and creamy cheese.

variety : Chardonnay | 100% Chardonnay

winery : La Motte

winemaker : Edmund Terblanche

wine of origin : Franschoek

analysis : alc : 12.35 % vol rs : 1.5 g/l pH : 3.55 ta : 6.1 g/l

type : White **style :** Dry **body :** Full **taste :** Fruity **wooded**

pack : Bottle **size :** 0 **closure :** Screwcap

Chardonnay du Monde 2017 - Silver medal

in the vineyard : As was the case during the previous year, the growing season was preceded by a good winter that ensured even budding. Ample ground-water and cool soils delayed budding, and harvesting started later. Temperatures rose, with regular rain that promoted growth and caused favourable conditions for disease. Good leaf management was required. Heavy rain was also received during middle January. The harvest will be remembered for its magnitude in the Boland. In spite thereof, the quality of the Chardonnay was very high. In general, ripeness occurred at lower sugars. The alcohol level for the season will, therefore, be low.

about the harvest: Vineyard blocks: 6 (4,9 ha) Soil type: Clovelly Direction planted: North-South Density: 4 630 vines per hectare (2,7 x 0,8) Root stock: Richter 99 Clone: CY 3 Year planted: 1997 Trellising: Perold Irrigation: Drip The vineyard is managed to maintain a perfect balance between leaf coverage and yield. It is managed biologically.

in the cellar : All the bunches were whole-pressed and the juice received a reasonable measure of oxidative treatment. The clean juice was transferred to 300-litre French oak barrels where it was inoculated with yeast and fermented at between 17 and 20 degrees Celsius. Malolactic fermentation was also in the barrels. One third of the juice was fermented in stainless steel tanks, without malolactic fermentation. After fermentation the lees was stirred regularly over a period of 11 months. 25% of the French oak barrels in which the wine was matured were new. All the components were blended subsequent to maturation and the wine was bottled in the La Motte cellar in June 2015. 4 000 cartons (6 x 750 ml) were released as 2014 La Motte Chardonnay.
