

Domaine Grier Rosé 2022

On the nose delicate aromas of small red fruits as well as some floral notes. On the palate lively, fresh and thirst-quenching with very pleasant fruity flavors.

The delicate aromas ensure compatibility with food.

pack : Bottle **size :** 750ml **closure :** Cork

This cuvée Rosé is made from Mediterranean grape varieties from old vines, truly representing the expression of « New World » winegrowers on one of the most beautiful terroirs in France.

The elegant label on this bottle traces the Grier family's story through a stylized illustration of a world map, on which the journey between South Africa and South of France is indicated.

in the vineyard : Terroir : Schistose marls.

The vines, are trained as gobelets and the grapes are harvested early enough to keep a nice freshness

in the cellar : The grapes are pressed directly, preserving the juices from any oxidation. After cooling, the juices remain in static settling for 48 hours, then are cleared to be fermented at 14°C. Once the vinification is completed, the blend is made between the wines from the two grape varieties which have been vinified separately. The rosé cuvée thus obtained is bottled quickly, always with the aim of optimizing the freshness of the product.
