

La Motte Chardonnay 2017

Greenystraw colour. Fruitylemon and nectarine on the nose, with hints of cashew and lees as the only evidence of wood maturation. A juicy and polished entry, medium full with lots of citrus and juicy peach on the palate. Lively length with good freshness for a wood-matured wine.

Excellent with caviar, snails, carpaccio pâté, crayfish (Cape rock-lobster), prawns, mussels, perlemoen (abalone) and creamy cheese.

variety : Chardonnay | 100% Chardonnay

winery : La Motte

winemaker : Edmund Terblanche

wine of origin : Franschhoek

analysis : alc : 12.82 % vol rs : 1.8 g/l pH : 3.44 ta : 6.1 g/l

type : White style : Dry body : Full taste : Fruity wooded

pack : Bottle size : 0 closure : Screwcap

2017 SAW Awards - Grand Gold

Chardonnay du Monde 2017 - Silver medal

in the vineyard : ORIGIN

Grapes originate from La Motte at Franschhoek. The vineyard grows against a southern and south-western slope 200 metres above sea level.

VINTAGE

The preceding winter was cold enough for good budding, but in many places only 33% of the normal rainfall was received. Initially, growth and bunch-forming were good and indicated a promising harvest. As a result of heat-waves in October and January and abnormally many days with temperatures over 35 degrees Celsius during summer the harvest was substantially smaller than expected. Irrigation water was also very limited. Harvesting was 10 to 14 days earlier than normal and the total acid was lower and pH higher as a result of the heat.

VITICULTURE

Vineyard blocks: 6 (4,9 ha)

Soil type: Clovelly

Direction planted: North-South

Density: 4 630 vines per hectare
(2,7 x 0,8)

Rootstock: Richter 99

Clone: CY 3

Year planted: 1997

Trellising: Perold

Irrigation: Drip

The vineyard is managed to maintain a perfect balance between leaf coverage and yield. It is managed organically and is SGS-certified.

Year planted: 1997 Trellising: Perold Irrigation: Drip The vineyard is managed to maintain a perfect balance between leaf coverage and yield. It is managed biologically.

in the cellar : All bunches were whole-pressed and the juice received a reasonable measure of oxidative treatment. The clean juice was transferred to 300-litre French oak barrels where it was inoculated with yeast and fermented at between 17 and 20 degrees Celsius. Malolactic fermentation was also in the barrels. One third of the juice was fermented in stainless steel tanks, without malolactic fermentation. After fermentation the lees was stirred regularly over a period of eleven months. 25% of the French oak barrels in

which the wine was matured were new. All the components were blended subsequent to maturation and the wine was bottled in the La Motte cellar.
