At the southern tip of Africa, you will find a natural wonder that is as dramatic as it is awe-inspiring. It is where two powerful forces, the mighty Atlantic and Indian oceans, meet. The sheer scale and natural grandeur will give you pause and a chance to reflect, leaving you inspired, exhilarated and breathless. Inspired by this special place - where the right elements of climate, natural beauty and world class winemakers combine to create wines that are crisp, refreshing and as easy drinking as the easy-going, hospitable place that it comes from. Two Oceans Wines is crafted to refresh the palate and soul.

in the vineyard : Grapes were sourced from the vineyards in the Stellenbosch, Paarl, Robertson and Worcester regions. The vines, between 10 and 18 years of age at the time of harvesting, were grown in soils with excellent drainage, ranging from decomposed granite to deep Clovelly and Hutton. Located some 200m above sea level, the vineyards are trellised while appropriate canopy management and row orientation minimises wind damage.

about the harvest: The grapes were harvested by hand at 22 - 24 balling for a riper, tropical aroma on the nose and more volume and fuller body on the palate.

in the cellar : Each vineyard was individually vinified. After crushing, the juice was cold-fermented at low temperatures in stainless steel tanks for around 14 days to preserve intensity of flavour. A portion of the wine was left on the lees for around four months to ensure creaminess on the palate.
