

De Krans Cape Vintage Reserve 2014

Colour: Dark black colour with plum red rim. Bouquet: A complex nose of ripe red berries and cherries, some spice and dark chocolate. Taste: A full-bodied fortified wine with ripe dark fruit notes of plum, mulberry and black currants. The wine is well-rounded by smooth cacao and smoky undertones. It has firm tannins that will ensure an excellent maturation potential for many decades to come.

A good combination with most baked desserts, in a sauce over ice cream and great on its own or with well-matured cheese.

variety : Tinta Barocca | 87% Touriga Nacional, 13% Tinta Barocca

winery : De Krans Wines

winemaker : Boets & Stroebel Nel

wine of origin : Calitzdorp

analysis : alc : 19.0 % vol rs : 92.7 g/l pH : 4.03 ta : 5.41 g/l

type : Fortified **style** : Sweet **taste** : Fruity **wooded**

pack : Bottle **size** : 0 **closure** : Cork

CAPPA – Gold medal 2014

ageing : Ageing potential between 20 and 30 years

De Krans Wine Cellar is situated along the upper reaches of the picturesque Gamka River Valley near Calitzdorp. The history of the farm dates back to 1890 when the current owners' great grandfather bought part of the first farm established in Calitzdorp, named Buffelsvallei ("Buffalo valley") on the edge of the municipal boundary of Calitzdorp.

The first grapes were planted in 1936 mainly for the production of raisins and some sweet wine. In 1964 the present cellar was built and De Krans quickly became well-known for quality ports and Muscat sweet wines, as well as dry table wines.

The current owners and winemaker now take advantage of the unique Calitzdorp terroir to produce great quality Cape ports and table wines from a whole range of interesting grape varieties.

in the vineyard : Portuguese varieties were planted in Calitzdorp during the late 1970's with Tinta Barocca being the first to find its way to the Klein Karoo. Now Calitzdorp is known as South Africa's Port Capital with these varieties leading the way. 30 year old vines are planted in shallow Karoo sand/clay on Buffelsvlei. Vines are trellised and micro irrigated

about the harvest: Selected bunches are handpicked mid to late February from row selected vines in specific blocks at 26° Belling.

in the cellar : Bunches are de-stemmed, crushed and rapidly cooled in a small open fermenter. Grapes are left to spontaneously start fermentation. At the desired sugar-level, the fermentation is stopped by adding alcohol to the juice. The wine is then matured in big vats for 20 months.
