Sophia, meaning wisdom in Greek, is presented with an owl on her shoulder, symbolising wisdom. In her right hand she holds a laurel wreath, the symbol of peace and success. Her three daughters, the Saints Faith, Hope and Charity or Love - Pistis, Elpis and Agape - are symbolised by the sun, moon and earth, representing the characteristics of the three classic Bordeaux varieties that make up this exceptional wine.

**in the vineyard :** Location & Climate

The distinct ravine which embodies Stellenbosch Kloof harnesses all the qualities of a well-orientated compass. Varying elevations and aspects allows us to grow a selection of classic varieties to specific sites that optimise this expression through their location. The cooler south- and east-facing aspects, unique in Stellenbosch, hosts the more sensitive and aromatic white-skinned grape varieties.

Stellenbosch Kloof enjoys a cooler Mediterranean climate with maritime influences from False Bay, 14km to the south, and a refreshing breeze channelled from the West Coast's Benguela current 24km to the north-west. These two breezes culminate at the top end of the ravine and bring in early morning mists, especially from False Bay. Consequently, temperatures in our meso-climate can be measured at least 3° Celsius cooler than inland Stellenbosch during ripening periods. This adds a unique characteristic to Jordan wines.
