wine of origin : Western Cape
analysis : **alc** : 13.0 % vol **rs** : 2.6 g/l **pH** : 3.36 **ta** : 7.0 g/l
type : White **style** : Dry **body** : Full **taste** : Herbaceous **wooded**
pack : Bottle **size** : 750ml **closure** : Screwcap

ageing : Enjoy the wine now with any summer dish or be rewarded after 5 years of cellaring.

in the vineyard : The grapes were sourced primarily from Stellenbosch, however, also sourced from Darling, Durbanville, Sondagskloof and Lutzville. The common denominator was that all vineyards are found within 15km from the ocean and thus the cooling sea breezes and deep red soils resulted in moderate growth which in turn provided a good canopy development for optimal grape ripening conditions. The 2018 vintage was another very dry one, but was relatively cool. Small rain spells during summer helped to keep the vines happy. Moderate day temperatures and cool evenings resulted in wonderful flavour concentration.

about the harvest: All the vineyard parcels were harvested at optimum ripeness and vinified separately.

in the cellar : The grapes were only picked in the early morning to ensure they arrived at the cellar in optimum condition and all efforts were made to limit their exposure to oxygen. All the grapes were given 12 to 36 hours extended skin contact before only the free-run juice was transferred to tank for fermentation. The wines were fermented at low temperatures with selected yeast strains to highlight each vineyard's specific characteristics. After fermentation the wine was left for a further four months in contact with the lees before putting the final blend together.
