The Winemasters ensemble, comprising a top-quality range of varietal offerings, is named to honour the Paarl winery's long-established tradition of winemaking excellence. These classically styled, food-friendly wines with abundant fruit flavours, elegance and finesse, treasure the integrity of the grapes in every step of the wine-growing and winemaking journey. Every drop demonstrates an unwavering commitment to world-class vineyard and cellar skills.

in the vineyard :

The grapes were sourced from vineyards in the Western Cape. Grafted onto nematode-resistant rootstock Richter 99 and 101-14, some of the vines received supplementary irrigation from a micro-irrigation system while in other instances, fruit was grown under dryland conditions. Yields averaged around 8,5 tons per hectare.

about the harvest:

The grapes were harvested by hand at 21° to 23° Balling in February and March.

in the cellar :

The fruit was crushed and gently pressed to extract quality juice. Fermentation took place in stainless-steel tanks at 15° to 16°C. The fermenting wine was put through a centrifuge separator once the desired sugar and alcohol levels were reached.
