in the vineyard : The Grenache and Carignan grapes, hand-picked early in the morning, were sourced from vineyards situated at the Nederburg farm in Paarl. Planted in 2007, the vines are trellised on vertical systems, with sufficient sunlight penetrating into canopies. Both vineyards receive supplementary irrigation during the growing season.

about the harvest: The grapes were harvested early in the morning by hand at 20° to 22° Balling during February.

in the cellar :

Components were separately vinified. Minimal skin contact was allowed. Only free run juice was clarified. Fermentation took place in stainless-steel tanks at 15° to 16°C. After blending, the wine was stabilised and clarified prior to bottling.
