Nederburg is one of South Africa's most awarded wineries, with a prize-winning pedigree that stems from a culture of innovation and disciplined attention to detail. The wines are richly fruited with bold flavours and structure, and range from exclusive, micro-edition offerings for the connoisseur to wines styled for everyday enjoyment. Multi-talented cellar-master Lizelle Gerber leads the Nederburg team of highly-skilled winemakers who work closely under her direction.

**in the vineyard :** The grapes were sourced from vineyards across the Western Cape. The viticulturist works hand-in-hand with the grape growers in managing each vineyard block to ensure the best quality fruit for this wine. The different microclimates and soil types associated with each vineyard add to the complexity of the wine. The vines are trellised on a four-wire system and received supplementary irrigation during the growing season.

**in the cellar :** The grapes were harvested by hand and machine at 20° to 22° Balling from mid-January until the end of February. The fruit was crushed, pressed and then settled. The clean juice was fermented in temperature-controlled stainless-steel tanks for a period of three weeks at 15°C after the wines were racked off the lees. The different components were fermented separately and only blended once fermentation was completed.
