AREA OF PRODUCTION: on the slopes of the Simonsberg Mountain between the wine growing areas of Franschhoek, Stellenbosch and Paarl, Western Cape, South Africa

in the cellar : Cultivars are harvested separately and made separately. Fermentation takes place on the skins for about seven days, after which it gets an extended maceration period of about one week. The wine then gets pressed into 30% new and 70% second- and third-fill 300 litre French oak barrels. After malolactic fermentation the wine gets racked and is then returned to the barrels for a total of 12 months.
