in the vineyard :

The Meerlust Cabernet Sauvignon 2016 was vinified from selected fruit from 2 low-yielding mature vineyards. The vines are densely planted on well drained, gravelly, low vigour Vilafontes and Dundee soil which has approximately 15 % clay to ensure water availability to the vines roots right through the growing season.

about the harvest: The fruit was hand-picked.

in the cellar :

The hand picked fruit was vinified in the traditional manner with partial un-inoculated fermentation and regular remontage. Only the free-run wine was used and aged for 16 months in tight grained French Nevers oak barrels. 60% of the barrels were brand new with 40 % second fill casks.
