The natural environment, in particular, soil, topography and climate, influence the flavour and quality of grapes. It is this sense of place that imparts a wine with its characteristic taste and flavour. Our winemaking team continually strive to increase this expression of place during growing and winemaking – in order to craft characterful wines – a process we describe as 'dancing with stones'.

in the vineyard : Grapes are sourced from Fairtrade certified vineyards predominantly in the Swartland region. These vineyards are trellised and grow on sandy, loam soils. The vineyards are meticulously farmed and managed to yield below 6 tons per hectare.

about the harvest: Grapes were handpicked and cold soaked for 24 hours.

in the cellar : Fermentation is initiated with selected yeast strains and is kept under 26°C. Malolactic fermentation is completed in tank, 80% of the wine is matured for 12 months in 6 year old 225L barrels and 20% in new 225L French and American oak barrels.
