The Janina is an elegant blend of 50% Eikendal grapes (clones 277, 95 and 96) and the remainder of the grapes (clone 277) are sourced from the Elgin Valley. Four different blocks, three different clones and from two different regions – a truly unique approach.

in the vineyard : The south-facing vineyards are planted in decomposed granite and Tafelberg sandstone on the lower, western slopes of the Helderberg, approximately 170m above sea level. With a maritime microclimate, the winters are wet and cold, and in summer the heat is tempered by a cool and fresh breeze from the Atlantic Ocean in False Bay. These are perfect conditions to produce premium Chardonnay.

about the harvest: The grapes were handpicked in bins before being gently whole-bunch pressed.

in the cellar : No commercial yeast was added and spontaneous fermentation occurred at 15°C-18°C. A long, slow fermentation of 4-6 weeks in 900ℓ plastic egg-shaped fermenters, stainless steel tanks, as well as cement egg fermenters. The wine was then aged on the lees for six months before being blended and bottled.
