Soft and approachable premium wines inspired by more than two centuries of winemaking begun by Nederburg's founder, Philippus Wolvaart, who bought the land in Paarl in 1791. This wine is made from Sauvignon blanc grapes.

Available: Europe and UK

in the vineyard : The grapes were sourced from vineyards across the Western Cape. The viticulturist works hand-in-hand with the grape growers in managing each vineyard block to ensure the best quality fruit for this wine. The different microclimates and soil types associated with each vineyard add to the complexity of the wine. The vines are trellised on a four-wire system and received supplementary irrigation during the growing season.

about the harvest: The grapes were harvested by hand and machine at 21o to 22° Balling during February.

in the cellar : The fruit was crushed and gently pressed to extract excellent quality juice. After clarification, the juice was fermented in temperature-controlled stainless-steel tanks at 15oC for three weeks. The vinification processes were strictly controlled to preserve the characteristic fruit flavours.
