Five generations of passionate winemakers have contributed to making Landskroon one of Paarl's leading wine brands.

The current cellar master, Paul de Villiers, proudly continues this heritage as the 5th generation of the family at Landskroon.

Grapes were destemmed and transferred to open fermentation tanks. After the addition of selected yeasts, the juice, together with the skins, were allowed to ferment at controlled temperatures of 25°C - 28°C. Regular punch downs allowed for optimum colour and tannin extraction.
