

A Taste of Stellenbosch

The Grier family, owners & guardians of Villiera, set the bar high in the quality, sustainability and consistency arenas. Their Down to Earth Red is a great red blend showcasing the different varieties on the farm.

Lanzerac is an iconic Stellenbosch brand and has risen from the ashes of the terrible fire a few years back to take back its title. We have added their Premium Syrah to our pack.

De Waal is Pinotage country, just off the Polkadraai road where the oldest block of Pinotage is planted. We bring you a great example of what Pinotage can do.

Johan Reyneke (a surfer first, vintner second!) decided 20 years ago to farm organically. The bankers laughed at him when he applied for a loan to develop the farm, but he has proved beyond doubt that excellent wines can be made organically and biodynamically in Stellenbosch. Try their rich Reyneke Cab/Merlot blend.

Meerlust is a brand which almost everyone knows of and this is because they produce top quality and consistently delicious wines year on year. Their Chardonnay is wooded and beautifully integrated.

The family-owned Kaapzicht is situated on the Bottelary Hills, with a view of the iconic Table Mountain (hence Kaapzicht). The Steytler family are a humble but award-winning father, son and partners constellation. We bring you their fresh delicious Sauvignon Blanc

Enjoy!
