The original Cape Blanc de Noir style wine that inspired an entire category and remains a South African favourite and Boschendal Classic.

in the cellar : To achieve the desired colour, most of the juice was drained directly after crushing, with some blocks receiving up to two hours of skin contact to ensure that the colour remained the precise salmon-pink hue desired. Each variety was handled separately and fermented cold at 14°C to retain the delicate aromas and flavours. The final blending of varietal wines created complexity, consistency and balance before bottling.
