Surrounding Africa's legendary Table Mountain is a place to lush fertility and natural beauty. This is the home of Kumala, where we make quality wines that are full of character.

We believe in putting in the time and effort to ensure our grapes are perfectly ripened, allowing our wines to reach their full potential. To do this it requires our growers and winemakers to be attentive and fully present at every stage of the winemaking process.

During harvest time our growers are in the vineyards, every day watching, waiting, testing and tasting the grapes to ensure they benefit from just the right amount of South African sunshine.

It's all about the time needed for the grapes to develop the perfect flavours from which we create our range of vibrant wines.
