ageing : Drink now or over the next 4-6 years.

in the vineyard : The grapes were all sourced from Vergelegen's premium vineyards located on South/South West facing slopes. The soils are Helderberg granite or Clovelly. Rootstock used is R 110 which is very suitable for dry-land conditions. As a result of dry conditions, hail storms and wind, yields were extremely low at 1.5 tons/ha.

in the cellar : No skin contact is employed. The majority of the grapes were whole bunch pressed, settled to a turbidity of 175 NTU's and then racked to 225l French barrels for fermentation. 100% of the wine was barrel fermented and matured on the lees for 10 months.
