type : Red **style :** Dry **body :** Medium **wooded**

pack : Bottle **size :** 750ml **closure :** Cork

in the cellar :

All grapes were hand picked and sorted before a pure yeast culture was inoculated. The juice was pumped over the skins 3 - 5 times per day for 5 days. Once fermentation was complete, the wine was drained of the primary lees and transferred to a resting tank. Malolactic fermentation and a brief settling period preceded the wine to a combination of 225 liter barrels of French oak types. The wine spent between 12- 14 months in barrel before bottling and labeling.
