Nederburg's 56HUNDRED range of refreshing, fruity and smooth-drinking wines takes its name from the fifty-six hundred guilders that Philippus Wolvaart used in 1791 to start the farm he was to call Nederburg. He had the vision to recognise the wine-growing potential of this land and the optimism and drive to clear an untamed property and establish a flourishing farm that continues to thrive today, more than two centuries later.

about the harvest: The grapes were harvested by hand and machine at 21° to 22° Balling during February.

in the cellar :

The fruit was crushed and gently pressed to extract excellent quality juice. After clarification, the juice was fermented in temperature-controlled stainless-steel tanks at 15°C for three weeks. The vinification processes were strictly controlled to preserve the characteristic fruit flavours.
