

## Spier Good Natured Organic Chenin Blanc 2022

A delicate gold colour, this Chenin Blanc has plenty to offer on the nose: quince, citrus and stone fruit to name but a few notes. Gloriously juicy on the palate, there is a burst of exotic fruit like litchi and pineapple that leads to a refreshing and zesty finish.

Delicious with chicken pad thai, fish and chips, avocado and smoked trout salad

Wines that taste good and do good. These standout wines are distinctive for two reasons: not only for their exceptional quality, but also because they are organically farmed, crafted and officially certified. Dependent on a limited supply of high quality organic grapes, these wines are still crafted in relatively limited quantities.

**in the cellar :** The organically-grown grapes were harvested at optimal ripeness, de-stemmed and crushed into stainless steel tanks to retain freshness and concentrate intense fruit aromas. The wine spent four months on its lees to enhance its structure and boost flavour development.
