The Winemasters ensemble, comprising a top-quality range of varietal offerings, is named to honour the Paarl winery's long-established tradition of winemaking excellence. These classically styled, food-friendly wines with abundant fruit flavours, elegance and finesse, treasure the integrity of the grapes in every step of the winegrowing and winemaking journey. Every drop demonstrates an unwavering commitment to world-class vineyard and cellar skills.

in the cellar : The grapes were harvested by hand and machine at 23o to 24o Balling during February and March. After clarification, the juice was racked into stainless-steel tanks where fermentation took place for two to three weeks at 15° to 16°C. From these fermenting tanks, a portion was transferred to small French Oak Barrels to finish fermentation and to age in for approximately 8 months. Both tank and barrel portions were left on the fermentation lees for maturation to add complexity. Blending was followed by stabilization and clarification before bottling.
