2024 National Wine Challenge - Double Gold

Our Vineyard Collection Wines are made from specific vineyard blocks, each with its unique character for its cultivar and terroir. The wines are made in an elegant and new-world style that makes the perfect accompaniment to any social occasion.

in the vineyard : The grapes were harvested from 35-year-old bushvine vineyards in the Paarl area. Harvesting took place in February in the early morning, at a minimum of 24° Balling, while still cool. The soils, made of decomposed granite and Malmesbury shales, are deep and strong in structure. No irrigation was used in these vineyard blocks as they only relied on winter rainfall.

in the cellar : Made in an elegant, wooded style, thirty percent of this wine was matured in 500-litre French oak barrels, those being only a combination of old oak barrels, for ten months. Seventy percent of the wine was then aged in stainless steel tanks to ensure freshness. Once bottled, the wine was aged a further one month before being released.
