2025 James Suckling Top 100 Wines of SA - #93 (92 Points)
2024 National Wine Challenge - Double Gold
2023 Michelangelo Awards - Double Gold

ageing : This wine is ready to enjoy now, but with the correct cellaring it has the potential to age for a further three to five years.

The Vineyard Collection Wines are made from specific vineyard blocks, each with its unique character for its cultivar and terroir. The wines are made in an elegant and new world style that makes the perfect accompaniment to any social occasion.

in the vineyard : The vineyard is situated in the Agter-Paarl region and the soil is mostly decomposed granite. The vineyard is bush vine and dryland grown without the addition of any water. These growing conditions ensure that the berries are small and result in concentrated fruit and flavor.

about the harvest: The grapes were harvested at the end of February. They were handpicked in the early morning when it is still cool.

in the cellar : After the grapes were de-stemmed, the berries were sorted to ensure that only the best fruit is used for this wine. Cold maceration of the skins was given for 48 hours to ensure that maximum colour and flavour is extracted. Fermentation was done in stainless steel tanks with regular pump overs for five days. The wine was then aged in 500-litre second- and third-fill French oak barrels for 12 months.
