

Get Lost Chenin Blanc Pinot Grigio 2023

This wine displays a charming bouquet with layers of fruit including green apple and citrus, ending with fresh tropical fruit on the aftertaste.

Enjoy with cream cheese, oyster mushrooms or Thai chicken curry.

type : White **style :** Dry **taste :** Fruity

pack : Bottle **size :** 750ml **closure :** Screwcap

Nothing is going to change unless you do - Get Lost & find that future.

in the vineyard : The vineyards are found in a variation in meso-climates, exposed hills, and sheltered valleys, with soils from Granite, Sandstone soils and Alluvial soils. Grapes are picked from a selection of these different wards in the Western Cape.

about the harvest: In the months leading to the 2023 harvest, the Cape winelands had a below average winter rainfall. The lower rainfall combined with cooler summer conditions from November caused the grape bunches to have smaller berries with concentrated sugar levels, tannin concentration and more elevated phenolic compounds. Phenolic compounds are natural chemicals found in plants, including fruits and vegetables. They have antioxidant properties and can provide health benefits. In wine, they affect the taste, colour, and mouthfeel. During late February we had heavy rainfall, which gave some relieve to our vineyards where we do not use irrigation. The 2023 vintage can be remembered as a vintage that led to exiting and complex wines.

in the cellar : Cold skin maceration was carried out for six hours before the free run juice was left to ferment in stainless steel tanks for three weeks at 12°C. The wine was left on the gross lees where batonnage was applied for a week. It was then racked and left on the fine lees till right before bottling.
