

Marianne Rose 2022

The colour is a lovely and refreshing light pale pink. The bouquet is as elegant as its colour with notes of light red fruits, rose petal and citrus. The pallet is soft and round with a crisp acidity and nice minerality. A Provence style Rosé to enjoy in all occasions.

The idea was to make a Provence style Rosé, light pale pink in color and elegant with subtle fruit and floral notes on the nose and pallet. The grape varieties used are true to a real Southern France style rosé. The cultivars were harvested specifically for Rosé production and pressed immediately when arriving into our boutique cellar - only the free run and soft press juices were used. After blending the wine was left to mature in stainless steel tank with occasional stirring up of the fine lees to ensure that all those fresh fermentation aromas are well protected. The final assemblage allowed for a fine, elegant and vogueish Rosé in colour, aroma and taste.
