Wildflower Skattie Pinotage comes from specific vineyards which are selected for their uniqueness in prominent terroir flavours. Vineyards are carefully monitored by the winemaker who ultimately decides when the grapes will be harvested. The hand selection of grapes is focused on optimum ripeness at the crusher to deliver flavour in you glass. The best judge of TASTE is yourself!

in the vineyard : Pre-harvest done by pinching the bunches at 21°B to stop juice flow to bunches. Grapes are sundried on vines. Hand selected bunches from unirrigated bush vines left to wither in the sun. Made in appassimento-style

in the cellar : Crush and destalk, receive grapes with ripeness level of 35-40°B, 15 days of fermentation at 20-22°C on skin. Pressed at 8-11°B. aged in stainless steel tanks. Fermentation must be stopped at a certain balling with the help of a filtration process.
