Durbanville Hills Chardonnay 2023

Colour: Light straw with olive green edges.
Nose: Prominent pineapple, yellow flesh nectarines, yellow peaches and orange peel.
Taste: Medium-bodied elegant wine showing ripe tropical fruit and minerality.

Enjoy chilled on its own or seared Salmon, risotto and chicken dishes.

variety : Chardonnay | 100% Chardonnay
winery : Durbanville Hills Wine
winemaker : Martin Moore and Kobus Gerber
wine of origin : Durbanville
analysis : **alc :** 12.84 % vol **rs :** 3.52 g/l **pH :** 3.45 **ta :** 6.38 g/l
type : White **style :** Dry **body :** Soft **taste :** Fruity **wooded**
pack : Bottle **size :** 750ml **closure :** Screwcap

Nine leading vineyard owners in the Durbanville district joined forces with Distell to create Durbanville Hills with the aim of promoting the regional individuality of this prime wine-growing area. The striking Durbanville Hills cellar sits on the side of a series of rolling hills with magnificent views of Table Mountain and Table Bay - the very geography that lies at the heart of what makes the wines so unique.

The Durbanville ward is considered one of the Cape's coolest wine regions, thanks to the sea breezes that drift inland from False Bay and Table Bay and the late afternoon mists that bathe the slopes. These conditions are ideal for the slow ripening of the grapes, allowing them to develop their full-flavoured, intense character. Grapes are sourced only from the shareholder- growers, all of whom farm within the limited appellation of Durbanville. Meticulous canopy management promotes concentration of varietal flavour.

Cellar master Martin Moore uses highly advanced cellar technology to ensure optimal extraction of colour and flavour. Sustainable practices include maintaining the disciplines imposed by International Environmental Standard ISO 140001 such as in the treatment of waste water back to irrigation quality. In all its vineyards the growing practices prescribed by IPW (Integrated Production of Wine) are followed. These are designed to sustain natural resources. In addition, the members protect on their farms 320 ha of endangered Renosterveld as part of the Biodiversity Wine Initiative (BWI).

in the vineyard : The grapes for this wine were sourced from vineyards located mostly in the lower Durbanville foothills on the southern slopes, some 250 metres above sea level, and grown in dark red soils.

about the harvest: The vineyards, yielding around 9 tons per hectare, were harvested from mid to late February between 21°- 24° Balling, when the grapes were showing ripe, yellow colours.

in the cellar : The grapes from each vineyard were individually vinified. The bulk of the wine was fermented in steel tanks at temperatures between 12-15°C and left on the lees for four months to accentuate the pronounced fruit character. This wine is un-wooded and made in such a way as to preserve the fresh, vibrant yellow fruit characteristics of the cultivar.
