ageing : Ready to be enjoyed now, with the potential to grow in complexity over time, and can be aged under optimal conditions for long periods.

Under extreme conditions, Mother Nature provides its best fruit. The Dry Land Collection wines pays homage to its testing terroir, showcasing the uniqueness of wines produced from dry land vineyards. Created in a new world style, these wines are complex with ample fruit and structure. Each wine holds a symbolic name that shares a characteristic of its source.

Joseph's Legacy is a tribute to Perdeberg's legendary winemaker, Joseph Huskisson, who was a visionary during his time at Perdeberg from 1956 to 1994.

in the vineyard : Soil Type: Decomposed granite, Glenrosa, Malmesbury shales

Age of vines: 24 years

Average yield: 8 tonnes per hectare

Irrigation: Dryland (natural rainfall)

about the harvest: Vintage: The 2021 vintage was later than usual, with grapes picked two weeks later due to a cool growing season with low disease risk. The cooler-than-normal harvest period, with no heat waves and some rainy days, resulted in high-quality wines with good ageing potential.

Picking date: March 2023

Grape sugar: 25° Balling

in the cellar : Method: When the grapes entered the cellar, they were gently destemmed and sorted to remove any unwanted berries. Cold maceration took place for two days to extract the maximum fruit flavours and intense colour. The juice was fermented in stainless steel tanks for seven days, with regular pump-overs for five days. Made in an elegant and complex wooded style, this wine was matured in 300- and 500-liter French oak barrels. After tasting through all the individual lots, our winemaking team decided on the final blend, and the wine was prepared for bottling. Wood maturation: 18 months in barrel. 20% in new French oak barrels and balance in older barrels
Bottle maturation: 12 to 18 months.
