

## Webersburg Rosé 2023

Light salmon pink in colour, this wine expresses fresh notes of Candy floss and rose geranium on the initial nose. The palate is complemented by juicy red cherry and a linear smoothness, adding to this long, textural, and elegant finish.

Complements long Alfresco lunches and picnics or sip with friends on those warm summer days.

**variety :** Shiraz | 100%

**winery :** Webersburg Wine Estate

**winemaker :** The winemaking team

**wine of origin :** Stellenbosch

**type :** Rose **style :** Dry **body :** Light

**pack :** 0 **size :** 750ml **closure :** 0

The 2023 vintage is very much made in a Provence style. A dry Rose influenced by the unique flavours from the Shiraz grapes that was used. The wine shows exceptional structure with low acidity and amazing fruitfulness. The grape berries were small, containing excellent quality juices that helped a lot to produce this beautiful wine.

**about the harvest:** Grapes harvested between 18oB to 19oB by hand

**in the cellar :** The juice was handled reductively. Grapes were fermented separately in small stainless-steel tanks using a combination of yeasts, allowing for different flavours to be expressed.
