Sometimes the simplest experiences can spark the most joy: dewdrops glittering in the rising sun, the honey-sweet scent of wildflowers, a butterfly in flight. It's the beauty in the everyday that touches the heart and makes the spirit light. Light on the body, too, is this vibrant Rosé. Brimming with rose petal and red fruit notes, it is low in alcohol yet full in flavour.

about the harvest: Vintage: The 2025 harvest was marked by slightly below-average volumes, a result of the dry conditions experienced during the late summer and harvest period. These weather conditions proved advantageous for grape quality, resulting in good natural acidity and sugar levels in the grapes. This balance of concentrated flavours, intense colour and vibrant acidity promises exceptional wines for the vintage.

Harvested from a 30-year-old bush vine vineyard in the Paarl region, the grapes were picked at 23° Balling to ensure the fresh style of the wine.

in the cellar : Method: Under dryland conditions, Cinsault produces small berries with good flavour concentration. 30% of the wine was de-alcoholised mid-fermentation to achieve a low alcohol level. No lees contact took place after fermentation.
