

## Friesland M-Klas Cabernet Sauvignon 2023

The M-klas Cabernet Sauvignon has a dense, opaque colour, offers top quality Cabernet Sauvignon and tastes like premium Stellenbosch should: layers of dark black fruit and blackcurrant combined with an integrated tannin structure and a velvet mouthfeel.

Enjoy these honest family Stellenbosch wines tonight or over the next decade. It pairs well with braised short rib, deboned lamb rib and flavourful and heartier pastas.
