Annual yield of 7 and 10 tons/ha.

**about the harvest:** The Cabernet Sauvignon ripened during the second week of March 2024 and Petit Verdot was harvested in the third week of March 2024.

**in the cellar :** All the grapes were handpicked and transported to the cellar in 500kg bins for processing. Cultivars fermented separately. All cultivars were 100% destemmed and fermented in a combination of French oak casks and stainless-steel tanks. Twice daily pump-overs ensured the delicate extraction of tannins and flavour. Prolonged skin contact of around 14-21 days was given after fermentation before pressing on all tanks. Malo-lactic fermentation followed in 300L French oak barrels and matured for 17 months in French oak barrels. The winning blend received 0 % new oak, 30% 2nd fill, and 70% 3rd fill barrels. The winning blend (out of 65 entries) was blended after the winning recipe was determined by a panel of 5 experienced judges. Only 650 magnum bottles were produced.
