about the harvest: The grapes are hand harvested in the morning.

in the cellar : Approximately 30% of the Shiraz grapes are either whole bunch fermented or co-fermented with some added whole bunches. The Cabernet Sauvignon and Cinsaut remains whole berry ferments. During the 7-10 days of fermentation the wines are pumped over up to three times a day. Some of the grapes receive extended skin contact after fermentation before it is pressed and racked to barrel. The wine is matured in French oak barrels for up to 18 months, before blending and bottling.
