Leopard's Leap gives wine lovers a delightful alternative for adding quality to life during those occasions or in those moments where alcohol can or should not be consumed.

about the harvest: Sourced from cool climates, the grapes for Natura products are harvested at the optimum ripeness to ensure the finest varietal characteristics.

in the cellar : Production is gentle with the minimum intervention approach. Once the winemaker is satisfied with the quality, the alcohol is carefully removed through drum distillation under vacuum and at low temperatures - a process that preserves the product's natural character and unique appeal.
