

Alexander Vineyards Amphora 2024

A natural Sauvignon Blanc fermented and aged in raw, unlined clay amphorae. This wine embraces purity and texture through a distinctive expression of site, process and patience. This is a must for the adventurous and the intuitive.

Notes of Melon, Gun Flint, Fig

variety : Sauvignon Blanc | 100%

winery : Alexander Vineyards

winemaker : Hannes Myburgh

wine of origin : Western Cape

analysis : alc : . % vol rs : . g/l pH : . ta : . g/l va : . g/l so2 : . mg/l

type : White

pack : Bottle **size :** 750ml **closure :** Screwcap

in the cellar : Whole-bunch pressed, wild fermented in handmade, unlined amphorae without temperature control. Aged on gross lees for 10 months with no added sulphur until bottling. Amphorae allow micro-oxygenation; contributing texture and oxidative resilience. Bottled unfiltered and unfiltered for purity and authenticity.
