pack : Bottle **size :** 750ml **closure :** Screwcap

ageing : Ready to be enjoyed now.

The story of Perdeberg has been driven by the place, people and passion of the Paardeberg area. Dating back to 1941, the company has been in business for over 80 years. The combination of passion, innovation and a deep respect for the land remains the drive behind Perdeberg's success.

This collection of wines is made in an elegant, but fruity new world style. Wines made to be enjoyed with friends, family, food or on their own.

in the vineyard : Soil Type: Decomposed granite, and Malmesbury shales.

Average yield: 10 tonnes per hectare

Irrigation: Combination of dryland (natural rainfall), and irrigated vineyards.

about the harvest: Vintage: Though the 2026 harvest produced slightly below-average volumes, the dry conditions of late summer worked in the vineyard's favour, yielding grapes of outstanding quality and balanced sugar levels. Rich concentration, deep colour and vibrant acidity suggest a vintage destined to produce exceptional wines.

Picking date: February 2026

Grape sugar: 23° Balling

in the cellar : Method: The grapes were harvested in the early morning to ensure that they arrived cool at the winery. After de-stemming the grapes, skin contact was given for one hour to ensure that the correct light pink colour was attained. The juice was settled overnight, and only clear juice was used for the fermentation. The wine was fermented in stainless steel tanks at a cold temperature, and a selected yeast was added to assist the fermentation. No lees contact was given.
