

Simonsig Franciskaner 2000

This wine made from late harvested grapes has a deep yellow-gold colour. This intense flowery “raisin like aromas are supported by a unctuous full mouth feel with a crisp finish. Serve well chilled on a summers day and with spicy food.

about the harvest: It was a fairly dry winter with only 529mm of rain which is about 20% below average. The growing season started early and we expected a very early harvest. This was exacerbated by very hot conditions during harvest which resulted in high sugars. Due to these hot conditions we harvested very healthy grapes as there were no problems with viticultural diseases during the growing period.
