

Swartland Stein

Discontinued

Bouquet of wild flowers with some honey undertones with nuts and natural sweetness on palate.

variety : Chenin Blanc | Chenin Blanc

winery : Swartland Winery

winemaker : Andries Blake

wine of origin : Coastal

analysis : alc : 11.5 % vol rs : 23 g/l pH : 3.62 ta : 5.22 g/l so2 : 153 mg/l fs02 : 30 mg/l

in the vineyard : Soil: The grapes are from unirrigated, bush vine planted in the decomposed granite soils on the slopes at the foothills of the Paardeberg.

Climate: The Swartland falls within the coastal winter rainfall area. Warm, dry summers, moderated by cool Atlantic breezes.

Annual rainfall: 400mm average.

about the harvest: All Chenin Blanc grapes are harvested at optimum ripeness as determined by its sugar/acid ratio. Those grapes that ripens at higher sugars are selected for the production of this natural semi-sweet wine.

in the cellar : The grapes are destemmed, crushed and cooled before it goes into static drainers. Only the free run juice from the drainers are used and fermentation is stopped at the required sugar level of the wine: ie between 17 and 19 grams per litre.
