Swartland Special Late Harvest 1998

Produced from unirrigated bushvines with a low yield of less than 10 ton/ha. Specially selected vineyards are harvested at high sugar levels to obtain full-ripe grapes with the special characteristics needed for this special product. The normal white wine procedures are followed in the cellar but with extended skin contact and pressing in a bag press added to obtain higher levels of consentrated fruit, sugar, acids, etc. Fermentation is stopped when the required sugar level of Â±45g/l are reached.

variety : Chenin Blanc | Chenin Blanc (Steen)
winery : Swartland Winery
winemaker : Andries Blake
wine of origin : Coastal
analysis : **alc :** 10.42 % vol **rs :** 44.8 g/l **pH :** 3.28 **ta :** 5.57 g/l
