winemaker : Tinnie Momberg

wine of origin : Devon Valley

analysis : alc : 13.8 % vol pH : 3.68 ta : 5.9 g/l

type : Red **style** : Dry **wooded**

pack : Bottle **closure** : Cork

in the vineyard : The grapes for the wine were derived from a 24 hectare vineyard, planted in 1977 and 1990 at 3 704 vines per hectare, and at an altitude of 160 m above sea-level. The vines, planted on a west-facing slope, are trellised in order to keep the grapes cool and healthy.

The rainfall during the winter before the vintage, as well as the growing season (September – December) was lower than the long term figures. The annual rainfall was 679 mm for the 1999 / 2000 season compared to the long-term annual average of 734 mm.

about the harvest: The harvest took place between 24 March and 28 March 2000. The grapes were picked by hand - at an average sugar level of 24,5° Balling - and placed in small baskets to prevent bruising.

in the cellar : In the cellar, the juice was given four days' skin contact in open tanks. It was inoculated with yeast type WE 372 and left to ferment at 25° C. Secondary malolactic fermentation was completed on 16 April 2000.

The wine was matured for 24 months in oak – 20% in new small French oak and the remaining 80% in second fill French oak barrels.

The wine was bottled on 13 January 2003.
