

Beyerskloof Synergy Cape Blend 2001

This blend represents not only the synergy of three red grape varieties, but also the different slopes, soils and microclimates where they are grown. Merlot, Pinotage and Cabernet Sauvignon grapes were sourced from selected vineyards in the Simonsberg, Koelenhof and Bottelary hills areas of the Stellenbosch region to create a wine which combines the best elements of classic European and new world wine styles. This rich, powerful yet elegant red is a wonderful partner to red meat, game, cheese and spicy foods. Delicious upon release, this wine will continue to develop in the bottle for up to ten years if carefully cellared.
