**ageing** : The well balanced tannin and fruit structure can be enjoyed now or over the next five to ten years.

**in the vineyard** : Situated on the Schaapenberg slopes, at the foothills of the majestic Hottentots Holland Mountains. The estates varying south easterly and south westerly slopes, which all lie between 120 and 270m above sea level, are cooled by fresh ocean breezes. This, combined with the gravely Oakleaf and Hutton soils creates a truly unique and exceptional micro climate.
